**Garage-Store.com**

Dear Valued Customer,

Thank you for your interest in Garage Store. We look forward to serving you and solving your flooring, organizational and overhead storage needs.

Garage Store is a designer and installer of custom garage organization solutions and commercial grade decorative concrete coating systems. We are proud to be the only approved Gladiator Garage Works designer and installer for Illinois. We are a full service, Chicagoland owned and operated company. We staff insured, professional, in-house contractors specializing in drywall, painting, carpentry, organization installs and decorative concrete coating systems.

Our commercial grade, decorative concrete coatings are valued for their strength and durability. Distinctive eye-catching and beautiful stylish patterns will enhance the surrounding decor and recreate any concrete surface into a durable work of art. Beautiful and long-lasting floors are a trademark of Garage Store. We are devoted to achieving your organizational and flooring needs—not only for your garage, but any space in your home or business. We are as committed to quality and customer satisfaction.

We strive to make your Garage Store experience effortless and carefree, while we customize your personal space. Our experienced and professional staff will work with you to design your personal space. Then, we create it, you enjoy it!

Jim Melchert  
Founder and CEO

RETHINK YOUR GARAGE...

GARDEN or AUTO SHOP

RETHINK YOUR GARAGE...

SPORTS or WORK SHOP

### How does your garden grow?

Your garden is a peaceful retreat. A place you can go to escape from everyday stress and unwind. Experience that same calm from your perfectly organized garage from Garage Store. Every item in your garage gets a home, while you get a sense of serenity matched only by a relaxing afternoon in the yard. We create it, you enjoy it.

### Root, root, root for the home team!

Make your garage a shrine for all things sports. Proudly display your golf clubs on the Golf Caddy or hide them away inside a Tall GearLocker. Regardless of how you shoot, Garage Store delivers all-star storage for you and the rest of your team.

### Drivers...start your engines!

It's what your garage was made for. Vehicles need homes, too. After all, that's why the garage was first invented. Garage Store has revolutionized this concept, providing a system that surrounds your automobile in a well-organized garage. Garage Store also has tool storage options—keeping it all within reach.

### Embrace your inner inventor.

A buzzing circular saw. A pounding hammer. The smell of sweat and sawdust. For many, these images represent an oncoming headache. For you, they mean an ideal morning in the garage. Garage Store designs a garage tough enough to tackle any project you have. We create it, You enjoy it.

**Store it smart all year long!**  
 Keep your seasonal gear up and out of the way, yet easy to get to. Never miss another March sledding opportunity or November camping trip. No matter what nature has in store for you, spend your time doing what you love, not searching for what you need.

**Premier White Series**

### Easy to Clean and Superior Protection

Bare concrete is a porous surface that harbors dirt, bacteria, stains, and other hard to clean material. Imagine a decorative floor that is easy to maintain. Garage Store decorative floors offer superior concrete surface protection, while providing an attractive, and easy to clean surface. No more unsightly oil stains or erosion from road salts, instead you will enjoy years of protection and lasting beauty. Just hose it off and watch it shine!

### Decorative and Functional Living Space

Garage Store decorative floor systems transform hard to clean, easily stained, unattractive concrete floor space into an elegant and durable living space. Whether it's your garage, basement, or business, our coatings expand the usefulness and functionality of your space.

## Decorative Concrete Coating Systems for Basements

Homeowners today are looking to expand the usable space in their home. Basement finishing has become an economical alternative to home additions, but must incorporate flooring materials that meet the challenge of below-ground environments. Two major concerns unique to basements that require homeowners to carefully choose how they will finish their basement space are mold and mildew. Basements typically are damp, humid and dusty environments. The floor makes up over 40% of the surface space that generates moisture in a basement. Traditional flooring materials such as carpet, vinyl, or laminate can harbor mold, mildew and other allergens that pose serious health risks.

Decorative concrete coating systems are an intelligent and attractive solution to basement flooring problems. The correct flooring solution can significantly reduce humidity, mold and mildew, while transforming your basement into a highly functional living space.

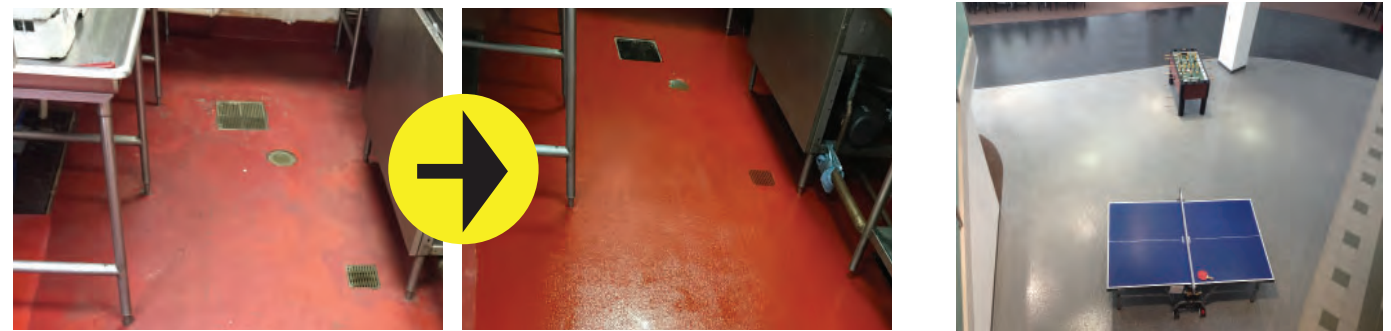

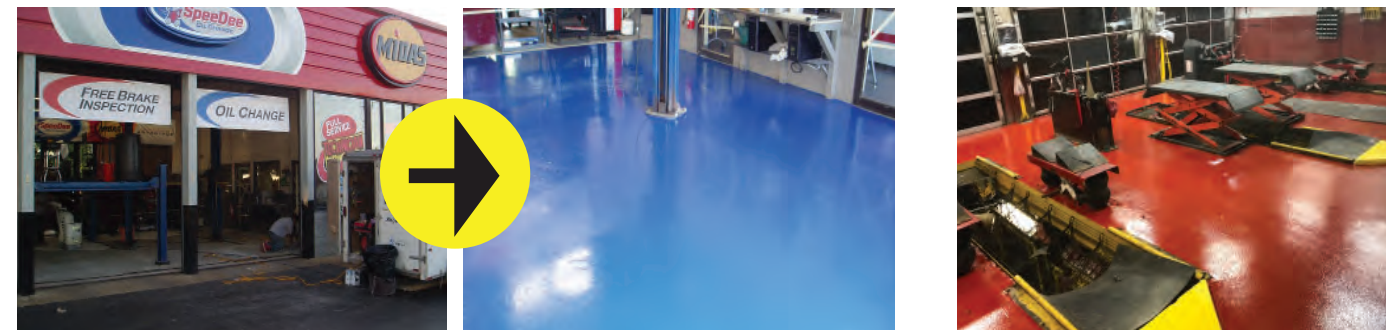

### Concrete Coating Advantages

- Physically and permanently bonds to concrete creating Flood Proof System
- Easy to clean and maintain
- Significantly reduces moisture emitted through concrete floor
- Additives available for killing mold, mildew, and bacteria for the life of the coating
- Commercial grade products with 30+ years life expectancy
- Installers are trained and experienced professionals

### Flooring Options and Comparison

	Mold Resistant	Flood Proof	Life (yrs)	Durability	(\$ Cost sq/ft
Carpets	NO	NO	10	Low	3-6
Hard Wood	NO	NO	10-15	Low	7-10
Linoleum	NO	NO	10-20	Low	2-6
Laminate	NO	NO	10-25	Med	2-8
Stone / Tile	YES	NO	20-30	High	5-15
Coating Systems	YES	YES	25+	High	4-6

## Commercial

Garage Store Concrete Coating systems transform damaged, hard to clean unattractive concrete into elegant and durable flooring. Garage Store is committed to providing business owners with safer, regulatory approved, commercial grade flooring systems. Garage Store understands the needs of business owners who require safe and easy to maintain flooring systems.
