HEAVY DUTY FABRIC

Garage Store Car Pads are heavy-duty, commercial-grade, woven PVC fabric that can handle your region's toughest conditions. This fabric is designed for quality and durability.

BUILT-IN CONTAINMENT EDGE

All Garage Store Car Pads have a specially-designed edge that keeps its shape, even after constant use. Our reinforced, thermal-welded, watertight seams combined with our commercial-grade PVC fabric will not allow liquids to leak through.

HEAT-SEALED WATERTIGHT SEAMS

All Garage Store Car Pads seams are reinforced and thermal welded to provide durability and longevity. AutoFloorGuard Containment Mats are designed to capture more liquid, mud, oil and snow than any other product on the market.

STAY-PUT-CORNERS

Don't worry about your pad ever moving again! Our high quality Stay-Put-Corners ensure your Car Pad stays in place.
